## Educational and Cultural Partners:

[Alliance française de Toronto](#)

Canada's largest French language institute has been promoting the learning of French and the knowledge of francophone cultures in Canadian society since 1902. The Alliance française de Toronto is a dynamic cultural centre offering more than a 100 events and exhibits of all kinds each year. It is an ideal destination for the TFS community to extend language and cultural immersion beyond the classroom.

[Amicitia France-Canada](#)

The France-Canada Amicitia Monument, soon to be erected in Ottawa's Beechwood National Cemetery, will recognize the more than 400 years of shared history between France and Canada, and over 90 years of official diplomatic relations. A testament to the past and future cooperation between the two countries on both civilian and military levels, this project carried out by French and Canadian citizens, includes an important educational component that TFS has had the privilege to develop. This initiative could not be a better fit within our curriculum, considering the importance TFS places on the duty of remembrance, and on the strong connection between France and Canada that our school symbolizes.

[Cinéfranco](#)

TFS is happy to support the Cinéfranco Festival and its youth event. Well-established among the many festivals that contribute to the cultural life of Toronto, Cinéfranco stands out for its exclusively francophone programming - a rarity on the screens of Ontario's capital. The festival is an opportunity to offer our students a cultural outing to discover the jewels of French-language creativity in the field of film. This is another way for them to broaden their worldviews.

## [French Embassy and Consulat général de France à Toronto](#)

As an accredited French school, TFS maintains a close and privileged relationship with the French embassy and the Consulate general of France in Toronto. A leading partner in education, TFS benefits from their initiatives, such as guest visits by key French figures from the intellectual and scientific realms to our school.

## [Club canadien de Toronto](#)

TFS supports the mission of the Canadian Club of Toronto, which has been giving voice to the French-speaking business community and the diversity of its talents in the academic, cultural and governmental fields for 35 years. It is an exceptional forum to express the roots, vitality and renewal of the French language on Toronto's professional scene.

## [Fédération Tricolore Toronto](#)

Seeking to offer greater visibility to French culture, the Fédération tricolore de Toronto's objective is to strengthen the bonds of friendship between France and Canada. The school is thereby one of the founding members of the association that implements projects and events promoting dialogue between the two cultures and the mutual understanding of these two friendly nations.
